This conception of truth presents a means of drawing together the insights of Post-Positivists and Critical Realists. Adorno shows that anti-objectivism, not the concern with truth per se, is a source of abstraction. Thus, critical International Relations (IR) theorists have been right to address a critical epistemological problematic.

~~Altmetric — The Concept of Truth in International ..~~
In Dialectic of Enlightenment in particular, much
concern is directed at the perceived disenchantment
with nature and the impacts of this disenchantment
both on human relations with the rest of nature, but
also with inter-human relations. Adorno ' s focus on the
attention to suffering being the “ condition for all
truth ” is not restricted simply to the human and
coincides with the ethical concerns of posthuman
approaches.
