Apex is a proprietary language developed by Salesforce.com. It is a strongly typed, object-oriented programming language that allows developers to execute flow and transaction control statements on the Force.com platform server in conjunction with calls to the Force.com API. This tutorial is ...

The New York Times bestseller: "You gotta read this. It is the most exciting book about Pluto you will ever read in your life." —Jon Stewart When the Rose Center for Earth and Space at the American Museum of Natural History reclassified Pluto as an icy comet, the New York Times proclaimed on page one, "Pluto Not a Planet? Only in New York." Immediately, the public, professionals, and press were choosing sides over Pluto's planethood. Pluto is entrenched in our cultural and emotional view of the cosmos, and Neil deGrasse Tyson, award-winning author and director of the Rose Center, is on a quest to discover why. He stood at the heart of the controversy over Pluto's demotion, and consequently Plutophiles have freely shared their opinions with him, including endless hate mail from third-graders. With his inimitable wit, Tyson delivers a minihistory of planets, describes the oversized characters of the people who study them, and recounts how America's favorite planet was ousted from the cosmic hub.

Spring and All (1923) is a book of poems by William Carlos Williams. Predominately known as a poet, Williams frequently pushed the limits of prose style throughout his works, often comprised of a seamless blend of both forms of writing. In Spring and All, the closest thing to a manifesto he wrote, Williams addresses the nature of his modern poetics which not only pursues a particularly American idiom, but attempts to capture the relationship between language and the world it describes. Part essay, part poem, Spring and All is a landmark of American literature from a poet whose daring search for the outer limits of life both redefined and expanded the meaning of language itself. " There is a constant barrier between the reader and his consciousness of immediate contact with the world. If there is an ocean it is here. " In Spring and All, Williams identifies the incomprehensible nature of consciousness as the single most important subject of poetry. Accused of being " heartless " and " cruel, " of producing " positively repellant " works of art in order to " make fun of humanity, " Williams doesn ' t so much defend himself as dig in his heels. His poetry is addressed " [t]o the imagination " itself; it seeks to break down the " the barrier between sense and the vaporous fringe which distracts the attention from its agonized approaches to the moment. " When he states that " so much depends / upon // a red wheel / barrow, " he refers to the need to understand the nature of language, which keeps us in touch with the world. With a beautifully designed cover and professionally typeset manuscript, this edition of William Carlos Williams ' Spring and All is a classic of American literature reimagined for modern readers.

First published in paperback by UNM Press in 1976, The Way to Rainy Mountain has sold over 200,000 copies. "The paperback edition of The Way to Rainy Mountain was first published twenty-five years ago. One should not be surprised, I suppose, that it has remained vital, and immediate, for that is the nature of story. And this is particularly true of the oral tradition, which exists in a dimension of timelessness. I was first told these stories by my father when I was a child. I do not know how long they had existed before I heard them. They seem to proceed from a place of origin as old as the earth. "The stories in The Way to Rainy Mountain are told in three voices. The first voice is the voice of my father, the ancestral voice, and the voice of the Kiowa oral tradition. The second is the voice of historical commentary. And the third is that of personal reminiscence, my own voice. There is a turning and returning of myth, history, and memoir throughout, a narrative wheel that is as sacred as language itself."--from the new Preface

An African-American family is united in love and pride as they struggle to overcome poverty and harsh living conditions, in the award-winning 1959 play about an embattled Chicago family

The story of one man's triumph over a legendary monster, Beowulf marks the beginning of Anglo-Saxon literature as we know it today. This Enriched Classic includes: • A concise introduction that gives readers important background information • A timeline of significant events that provides the book's historical context • An outline of key themes and plot points to help readers form their own interpretations • Detailed explanatory notes • Critical analysis and modern perspectives on the work • Discussion questions to promote lively classroom and book group interaction • A list of recommended related books and films to broaden the reader's experience Enriched Classics offer readers affordable editions of great works of literature enhanced by helpful notes and insightful commentary. The scholarship provided in Enriched Classics enables readers to appreciate, understand, and enjoy the world's finest books to their full potential. Series edited by Cynthia Brantley Johnson
