This book, like all of Arroyo's astrology books, is incredibly insightful and should be read by every astrologer (though it's probably best to tackle at the intermediate level rather than as a beginner). I don't share the author's take on every topic, but he is one of my favorite astrologers to read and I always benefit from his writing.

Beyond an esoteric point of
view, astrology is a tool to
sort out issues about
current problems and future
concerns. Karma is a concept
that establishes the
eternity of the soul and the
repetition of actions in
further lives: beyond
believing in reincarnation,
it tells us about a
spiritual continuity.
