Three vampire tales by three talented female authors! ~Wicked by Kristen Middleton~ When eighteen-year-old Emily wakes up to find herself being held captive in a barn with four other women, she's terrified. When she tries to escape, she finds herself being hunted by a dark presence through the deep woods of Montana. ~The Blood Pool by LR Potter~ When vicious killings of humans begin to show up in a small town, Alec Kilton - Chief Enforcer of the Nave, the ruling authority of vampires, is sent to investigate it and stop it. During the course of his investigation, he comes across a deadly game enacted by four young - and untrained - vampires. They call their game, the Blood Pool. In this game, they select a female human's name from a hat, and then each of the four have an opportunity to woo her. Whoever wins, gets to enjoy her before the other three come and destroy her. While out on his mission, Alec meets a stunning redhead, Molly O'Connell, who he finds irresistible on so many levels. During the course of their game, Molly's name is deposited into the hat and selected to become their next target in the Blood Pool. Will Alec be able to understand their game in time to save his lovely redhead? Or will those who invented the game destroy her first? ~Violent by C.J. Pinard~ College sophomore Evan Grant doesn't realize what he's getting into when he asks the beautiful redhead, Karina Walsh out on a simple date. The date ends well but the night does not. A terrifying encounter with an otherworldly creature leaves him nowhere to go but to Karina and her family for help. But will they help him... or destroy him for knowing too much of a world he never should have seen? All stories are appropriate for readers 17 and older. Are you new to research and daunted by the idea of constructing your own research proposal? Then this is the book you need! This book and accompanying web resource will answer all your questions about healthcare research by introducing you to the concepts, theories and practicalities surrounding it. The aim of both the book and the web resource is to help you to write a good healthcare research proposal - which is the starting point for any would-be student researcher. The book takes a look at the theory of research, the core of the topic, but also provides practical help and advice along the way. It takes the reader through the stages of the research process from developing the question to communicating the findings, demystifying the process on the way. The web resource works alongside the book, supplementing and expanding on the chapters, giving you the ability to prepare your very own research proposal. Explains key concepts in a clear, easy to understand way Includes activities and scenarios for you to work through which will also increase your understanding of research and research proposals Easily navigable web resource (<http://www.researchproposalsforhealthprofessionals.com/>) Both book and website are arranged in the same order in which you would develop and write a research proposal Website includes downloadable research proposal template to complete step-by-step as you work through the book and web resource

When life gives you bananas, it's time to make banana bread. Bake bananas into sweet loaves of goodness, with nuts, chocolate, or plain and delicious. The secret of healthy food with banana recipes. The health of our internal tissue cannot be viewed by our eyes but through our skin and physical look. Leading Health Authorities have agreed that the key to preventing diseases and promoting health is by eating natural whole grain food and fruits. Nothing tastes good compared to food prepared naturally. Banana is a nutritional food for the whole family. To look our best and feel our best, we need to ensure that we are doing everything within our control to nourish and protect our cells through proper nutrition. Fruits and vegetables are excellent sources of dietary antioxidants, and bananas are no exception.

With insight and humor, Jennifer Richard Jacobson explores a common childhood anxiety and finds a quiet way to boost self-esteem, aided by Abby Carter's expressive illustrations. Andy Shane did not want to be in school. He did not want to be at morning meeting. He did not want to sit up straight on the rug. Andy Shane would much rather be home catching bugs with Granny Webb than sitting in class with the likes of know-it-all Dolores Starbuckle. Any minute, Dolores is likely to shout out, 'Ms. Janice, someone's not sitting properly!' or 'Ms. Janice, someone's misusing the math materials!' (meaning him, of course). At rhyme time, the words bug and rug get stuck in Andy's throat while Dolores yells out of turn, "Hullabaloo and Kalamazoo!" "I hate school," he blurts out at the end of the day to Granny Webb, who is sympathetic but firm. But when Granny makes a surprise visit to school with a monarch caterpillar, everyone is mesmerized and Andy remembers

how much he knows about insects himself. Even Dolores Starbuckle can't help but be impressed!

The Putin and Bush presidencies, the 9/11 attack, and the war in Iraq have changed the dynamics of Russian-European-US relations and strained the Western alliance. Featuring contributions by leading experts in the field, this work is the first systematic effort to reassess the status of Russia's modernization efforts in this context. Part I examines political, economic, legal, and cultural developments in Russia for evidence of convergence with Western norms. In Part II, the contributors systematically analyze Russia's relations with the European Union, Eastern Europe, Central Asia, and the United States in light of new security concerns and changing economic and power relationships.

Explains everything a person needs to know about getting a government job, with information about the most popular entry-level jobs and tips on passing the civil service exam, and provides two practice exams.
