In the year 937, the new king of England, a grandson of Alfred the Great, readies himself to go to war in the north. His dream of a united kingdom of all England will stand or fall on one field—on the passage of a single day. At his side is the priest Dunstan of Glastonbury, full of ambition and wit (perhaps enough to damn his soul). His talents will take him from the villages of Wessex to the royal court, to the hills of Rome—from exile to exaltation. Through Dunstan's vision, by his guiding hand, England will either come together as one great country or fall back into anarchy and misrule . . . From one of our finest historical writers, The Abbott's Tale is an intimate portrait of a priest and performer, a visionary, a traitor and confessor to kings—the man who can change the fate of England.

Evoking two of the most famous battles of the Ancient World—the Battle of Marathon and the Last Stand at Thermopylae—The Gates of Athens is a bravura piece of storytelling by a well acclaimed master of the historical adventure novel. In the new epic historical novel by New York Times bestselling author Conn Iggulden, in ancient Greece an army of slaves gathers on the plains of Marathon . . . Under Darius the Great, King of Kings, the mighty Persian army—swollen by 10,000 warriors known as The Immortals—have come to subjugate the Greeks. In their path, vastly outnumbered, stands an army of freeborn Athenians. Among them is a clever, fearsome, and cunning soldier-statesman, Xanthippus. Against all odds, the Athenians emerge victorious. Yet people soon forget that freedom is bought with blood. Ten years later, Xanthippus watches helplessly as Athens succumbs to the bitter politics of factionalism. Traitors and exiles abound. Trust is at a low ebb when the Persians cross the Hellespont in ever greater numbers in their second attempt to raze Athens to the ground. Facing overwhelming forces by land and sea, the Athenians call on their Spartan allies for assistance—to delay the Persians at the treacherous pass of Thermopylae . . .

century family They were abolitionists, speculators, slave owners, government officials, and occasional politicians. They were observers of the anxieties and dramas of empire. And they were from one family. The Inner Life of Empires tells the intimate history of the Johnstones--four sisters and seven brothers who lived in Scotland and around the globe in the fast-changing eighteenth century. Piecing together their voyages, marriages, debts, and lawsuits, and examining their ideas, sentiments, and values, renowned historian Emma Rothschild illuminates a tumultuous period that created the modern economy, the British Empire, and the philosophical Enlightenment. One of the sisters joined a rebel army, was imprisoned in Edinburgh Castle, and escaped in disguise in 1746. Her younger brother was a close friend of Adam Smith and David Hume. Another brother was fluent in Persian and Bengali, and married to a celebrated poet. He was the owner of a slave known only as "Bell or Belinda," who journeyed from Calcutta to Virginia, was accused in Scotland of infanticide, and was the last person judged to be a slave by a court in the British isles. In Grenada, India, Jamaica, and Florida, the Johnstones embodied the connections between European, American, and Asian empires. Their family history offers insights into a time when distinctions between the public and private, home and overseas, and slavery and servitude were in constant flux. Based on multiple archives, documents, and letters, The Inner Life of Empires looks at one family's complex story to describe the origins of the modern political, economic, and intellectual world.

An exclusive short story for World Book Day from one of our bestselling authors. This brilliant comic thriller will have you on the edge of your seat.
