With this new Guide created for the many job seekers drawn to the glamorous and exciting world of media and entertainment.

You probably bought your TiVo so that you would never have to miss another baseball game, soap opera or Thursday night sitcom again. It's great at what it does and is much friendlier than your VCR. But did you know that your TiVo is capable of so much more than recording your favorite programs? That is why Leo Laporte, a top voice in consumer technology, and Gareth Branwyn, of Wired magazine, got together to bring you Leo Laporte's Guide to TiVo, a fun, light-hearted and in-depth look at TiVo and all that it is capable of. In this easy-to-follow guide, you will learn remote control trickery, how to upgrade your TiVo hardware, how to add a CallerID display to your television and how to add web capabilities. Take control of your television destiny with Leo Laporte's Guide to TiVo.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
