Stadius' narrative of the fraternal strife of the Theban brothers Eteocles and Polynices has had a profound influence on Western literature and fascinated generations of scholars and readers. This book studies in detail the poem's view of power and its interaction with historical contexts. Written under Domitian and in the aftermath of the civil war of 69 CE, the Thebaid uses the veil of myth to reflect on the political reality of imperial Rome. The poem offers its contemporary readers, including the emperor, a cautionary tale of kingship and power. Rooted in a pessimistic view of human beings and human relationships, the Thebaid reflects on the harsh necessity of monarchical power as the only antidote to a world always on the verge of returning to chaos. While humans, and especially kings, are fragile and often the prey of irrational passions, the Thebaid expresses the hope that an illuminated sovereign endowed with clementia (mercy) may offer a solution to the political crisis of the Roman empire. Stadius' narrative also responds to Domitian's problematic interaction with the emperor Nero, whom Domitian regarded as both a negative model and a secret source of inspiration. With *The Fragility of Power*, Stefano Rebggiani offers thoughtful parallels between the actions of the Thebaid and the intellectual activities and political views formulated by the groups of Roman aristocrats who survived Nero's repression. He argues that the poem draws inspiration from an initial phase in Domitian's regime characterized by a positive relationship between the emperor and the Roman elite. Stadius creates a number of innovative strategies to negotiate elements of continuity between Domitian and Nero, so as to show that, while Domitian recuperated aspects of Nero's self-presentation, he was no second Nero. Stadius' poem interacts with aspects of imperial ideology under Domitian: Stadius' allusions to the stories of Phaethon and Hercules engage Domitian's use of solar symbols and his association with Hercules. This book also shows that the Thebaid adapts previous texts (in particular Lucan's *Bellum Civile*) in order to connect the mythical subject of its narrative with the historical experience of civil war in Rome in 69 CE. By moving past recent solely aesthetic readings of the Thebaid, *The Fragility of Power* offers a serious and thoughtful addition to the recent scholarship in Statian studies.

Mildred Hubble's first term at Miss Cackle's Academy for Witches starts badly when, unlike her classmates, she can't control her broom, her kitten, or her spells.

Twenty-two-year-old Tania has moved to Montreal to study, fine-tune her French and fall in love. Finding work as a waitress in an unpretentious down-town restaurant, she meets Bilodo, a shy postman who spends his days perfecting his calligraphy and writing haiku. The two hit it off. But then one stormy day their lives take a dramatic turn, and as their destinies become entwined Tania and Bilodo are led into a world where nothing is as it seems. A charming standalone work that reunites readers with the touching and much-loved characters first found in *The Peculiar Life of a Lonely Postman*, *The Postman's Fiancée* is an enchanting, poignant and bittersweet love story that will move readers, young and old alike.

In a world in which individuals will undergo multiple career changes, is it possible any longer to conceive of a job as a meaningful vocation? Against the background of fragmentation and rationalisation of work, this book explores the significance and meaning of work in contemporary life, raising the question of whether people continue to feel motivated to dedicate their lives to their work, or must now look to other areas of life for meaning. Based on rich, in-depth interviews conducted with workers of different ages and across a broad range of occupations in the major city of Melbourne, *Making a Living, Making a Life* reveals that work continues to be a source of pride, passion and purpose, the author shedding light on the ways in which cultural narratives, collective meanings and structural factors influence people's feelings about work. An engaging and empirically grounded examination of the meaning and centrality of work to people's lives in today's 'liquid' modern world, this book will appeal to sociologists with interests in cultural sociology, social theory, ethics, the sociology of work and questions of identity.

With engaging, new contributions from major figures in the field, *The Oxford Handbook of the American Presidency* provides the key point of reference for anyone working in American politics today.

The catastrophic oil spill in the Gulf of Mexico has brought new attention to the huge costs of our oil dependence. In this stunning and revealing book, Peter Maass examines the social, political, and environmental impact of petroleum on the countries that produce it. Every unhappy oil-producing nation is unhappy in its own way, but all are touched by the "resource curse"—the power of oil to exacerbate existing problems and create new ones. Peter Maass presents a vivid portrait of the troubled world oil has created. From Saudi Arabia to Equatorial Guinea, from Venezuela to Iraq, the stories of rebels, royalty, middlemen, environmentalists, indigenous activists, and CEOs—all deftly and sensitively presented—come together in this startling and essential account of the consequences of our addiction to oil.
