of the 20th century. The Dean of Science Fiction, as he was sometimes known, published more than 1,500 short stories and 100 books in a career spanning more than fifty years. This biography, written by his two youngest daughters, chronicles Murray Leinster's private and literary life from his first writings for *The Smart Set*

Unexpectedly the starship Stellaris hurtled off the earth and into the farthest reaches of space. If only that was the only problem! No star maps, killer aliens and a ship that was only partially built.

Tom Easton has served as the monthly

Where To Download First Contacts The Essential

Murray Leinster book review columnist for Analog Science Fiction for almost three decades, having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer. His reviews have been celebrated for their wit, humor, readability, knowledge, and

incisiveness. His love of literature, particularly fantastic literature, is everywhere evident in his essays. Easton has ever been willing to cover small presses, obscure authors, and unusual publications, being the only major critic in the field to do so on a regular basis. He seems to delight in finding the rare gem

Murray Leinster among the backwaters of the publishing field. "A reviewer's job," he says, "is not to judge books for the ages, but to tell readers enough about a book to give them some idea of whether they would enjoy it." And this he does admirably, whether he's discussing the works of the great writers in the field, or touching upon the least
