Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being

physically and mentally present in the moment, where every sense is sharply attuned to the ride.

Your mind becomes silent to the chatter of daily life, and

everyday problems seem to dissolve. You feel a deeper appreciation for life.

this book ten years
