~~AMS Construction Parts - New Holland LX885 Skid Steer Engines~~

Well I ended up taking the plunge and bought a one-owner 1996 New Holland Lx885. Machine has a lot of hours but seems to be in great shape overall, pins are nice and tight too. The pumps were rebuilt a few years ago (said they were leaking) and the lift cylinders have been repacked. Good tires, presentable original paint, everything seems to work.

Hydraulic inline piston pump

Download Free Lx885 Hydraulic Pump

- Similar to an engine, the piston moves within a barrel to create pressure that will force the hydraulic fluid through the system. These can be found as a single action or double action pump. In a single action pump, the piston moves downward from hydraulic pressure, but it is forced back up with a spring. The double-action piston pump presses and pulls with ...

Air usually enters the hydraulic system through the pump's inlet. For this reason, it is important to make sure pump intake lines are in good condition and all clamps and fittings are tight. Flexible intake lines can become porous with age; therefore, replace old or suspect intake lines. If the fluid level in the reservoir is low, a vortex can develop, allowing air to enter the pump intake ...
