Think of food as energy to charge up your battery for the day.

Throughout the day, you use energy from the battery to think and move, so you need to eat and drink to stay powered up. Balancing

# Online Library Management

the energy you take in through food and beverages with the energy you use for growth, activity, and daily living is called "energy balance."

Women are making headway in terms of

# Online Library Management

access to and representation in leadership roles.

Consequently, organizations are discovering how and why diversity creates value, both in terms of creativity as well as profitability and long-term

sustainability. Despite the progress of the past decades, the ratio of

# Online Library Management

women to men in the C-suite – in even the most developed economies – is dismally low.

## Leadership

*Three questions to help you take charge of your ascent to ...*

Stress is a normal part of life. The body's stress responses are your first line of defense in life-threatening situations, and many of the effects

# Online Library Management

of stress—such as increased alertness, resiliency, and adaptation—are positive and have allowed our species to survive and evolve over time.

However, prolonged stress is another story.
