An award-winning first novel follows the experiences of foster kid Carley, who uses humor and street smarts to cope with her unpredictable life until the loving, bustling Murphy family offers her more stability and a greater sense of belonging than she ever thought possible.

From the author of the New York Times bestselling novel *Fish in a Tree!* Carley uses humor and street smarts to keep her emotional walls high and thick. But the day she becomes a foster child, and moves in with the Murphys, she's blindsided. This loving, bustling family shows Carley the stable family life she never thought existed, and she feels like an alien in their cookie-cutter-perfect household. Despite her resistance, the Murphys eventually show her what it feels like to belong--until her mother wants her back and Carley has to decide where and how to live. She's not

really a Murphy, but the gifts they've given her have opened up a new future. "Hunt's writing is fearless and One For The Murphys is a story that is at once compassionate, thought-provoking and beautifully told. From the first page, I was drawn into Carley's story. She is a character not to be missed or forgotten."

—Jacqueline Woodson, National Book Award-winning author of *Brown Girl Dreaming* Winner of the Tassy Walden Award for New Voice in Children's Literature

After heartbreaking betrayal, Carley is sent to live with a foster family and struggles with opening herself up to their love, in this debut novel.

Delsie loves tracking the weather, living with her grandmother, and the support of friends and neighbors, but misses having a

"regular family," especially after her best friend outgrows her.

These three unforgettable stand-alone novels from New York Times bestselling author Lynda Mullaly Hunt celebrate unconditional friendship, unconventional families, everyday heroes, and looking beyond the labels, with a healthy dose of humor, heart, and hope. In *One for the Murphys*, Carley's life is upended when she becomes a foster child--and is placed in the Murphys' cookie-cutter-perfect household. In *Fish in a Tree*, Ally acts out because she is afraid she isn't smart enough--until she discovers that there's a lot more to her than a label, and that great minds don't always think alike. In *Shouting at the Rain*, Delsie is having a summer of discovery--finding out who her true friends are and where she really belongs. Lynda Mullaly Hunt's incredible

novels remind us that we all have the power to be someone's hero, that great minds don't always think alike, and that we don't have to weather the storms of life alone.

"Ally's greatest fear is that everyone will find out she is as dumb as they think she is because she still doesn't know how to read"--

Her name is Addie. Addie is waiting for normal. But Addie's mother has an all-or-nothing approach to life: a food fiesta or an empty pantry, her way or no way. Addie's mother is bipolar, and she often neglects Addie. All-or-nothing never adds up to normal, and it can't bring Addie home, where she wants to be with her half-sisters and her stepfather. But Addie never stops hoping that one day, maybe, she'll find normal. “ A heroine with spunk and spirit offers an inspiring lesson in perseverance and hope. First-rate. ” —Kirkus Reviews (starred review)

From the author of *The Boy, the Boat, and the Beast* comes a lush and timely tale about a boy who's grown up as the only human in an enchanted rainforest and what happens when people from the outside world discover his home. For the

first twelve years of Arrow ' s life, he has grown up as the only human in a lush, magical rainforest that ' s closed off from the rest of the world. He was raised by the Guardian Tree, the protector of the forest, which uses the earth ' s magic to keep it hidden from those who have sought to exploit and kill it. But now the magic veil is deteriorating, the forest is dying, and Arrow may be the only one who can save it. Arrow has never seen another human until one day, a man in a small airplane crash-lands in the forest. Then, a group of children finds their way in, escaping from their brutal, arid world where the rich live in luxurious, walled-off cities and the poor struggle for survival. The Guardian Tree urges Arrow to convince the trespassers to leave by any means necessary. Arrow is curious about these newcomers, but their arrival sets off a chain of events that leave him with a devastating choice: be accepted
