Artsy - Discover & Buy Art

Well, if one looks at art history post-1826 one will find a shift in artistic behaviour, abstraction of the real came into fruition, starting with Romanticists such as John Constable and William Turner, who's art work was a look at the world through their eyes, as opposed to the supposedly unbiased realists.

Photography Isn't Art. Or is it? - Light Stalking

Post-mortem photography began shortly after photography's introduction in 1839. In these early days, no one really posed the bodies or cleaned them up. A poorer family might lay a nice dress ...

Photos After Death: Post-Mortem Portraits Preserved Dead ...

Eyes are the windows to the soul. In photography - if you're photographing people, remember: eyes are the windows to the soul. If you look at the last few thousand years, most portraits of human beings focus on the eyes. Either having the eyes look straight at the viewer, or off into the distance.

The Art of Photography - ERIC KIM

But as healthcare improved the life expectancy of children, the demand for death photography diminished. The advent of snapshots sounded the death knell for the art - as most families would have ...

Taken from life: The unsettling art of death photography ...

Revolutionary in his portrayal of still life and technical mastery of tone, Stieglitz called for photography's acceptance as an art form, as well as introducing avant-garde European artists such as Pablo Picasso, Constantin Brâncuși and Francis Picabia to America's art scene. Influenced by new developments in art, Stieglitz moved away from a more decorative, soft-edged 'pictorialist ...

A-Z of Modernist Photography | Tate

Postmodern photography is characterized by atypical compositions of subjects that are unconventional or sometimes completely absent, making sympathy with the subject difficult or impossible. Like other postmodern artists, the champions of postmodern photography contend that it is possible to ignore the “rules” and still create art.
