The Dilemma of Siting a High-Level Nuclear Waste ...

Introduction. This book explores siting dilemmas - situations in which an "authority" (e.g., Congress, a consortium of utilities) deems it in the best interest of society to build a facility such as an incinerator, but opponents living near the proposed site thwart the plan. Facility developers typically attribute local opposition to selfishness or radically inaccurate views of the risks posed by the facility.

B.A. Paris is my Queen. The Dilemma, her 2020 release, was one of my most anticipated releases of the year. Although very different from her prior works, I still really enjoyed this. The narrative is smaller in scope, yet quite intricate as a character study. Following husband and wife, Livia and Adam, this story takes place during the course of a single day; that of Livia's much anticipated ...
