I'm not the same Bebe Grimshaw I was years ago. The woman I was spent years behind the bars of the highest security women's prison in the nation, my punishment for hacking nuclear codes as part of a crime syndicate I'd gotten in way too deep with. The woman I am today doesn't regret what I did, or the fact that I got caught, but I am remorseful for the years I lost with my son, Aaron. Released from my sentence early thanks to Kynan McGrath, I joined his team at Jameson Force Security and now put my skills to use helping people. I'm just trying to get back a piece of what I lost, focusing solely on raising Aaron and my work at Jameson. As long as I have my son and my career, I'm content. But life has a funny way of letting you know exactly what you need, and when a devastatingly handsome stranger named Griffin befriends Aaron at the park, I have to consider I might be missing something. A part of me that was locked away long ago reawakens, and I find myself looking at Griff in a way I've not looked at a man in more than a decade. Just when I think things are starting to look up, my world is turned upside down. Turns out that meeting wasn't an accident, and things aren't going my way at all. Griffin Moore is the man sent here to kill me.

New York Times bestselling author and former Delta Force commander Dalton Fury (Black Site and Kill Bin Laden) is back with an explosive new thriller Former disgraced Delta Force commander Kolt "Racer" Raynor has earned his way back into The Unit after redeeming himself during an explosive operation at a black site in Pakistan. But he is about to face his deadliest challenge yet. The most wanted man in the world, American al Qaeda commander Daoud al Amriki, and his handpicked team of terrorist operatives, have acquired stores of Russian-built, shoulder-fired surface-to-air missiles (SAM's) from ex-Libyan spies in Cairo. Their mission: infiltrate the United States and take down American aircraft. The country's best are tasked with stopping them. But when a SEAL Team Six mission to take down al Amriki goes wrong, Major Raynor and his Delta Force team find themselves front and center as Amriki and his terrorists work their way closer to America. And time is running out. Dramatic and revealing, Tier One Wild takes readers on an international thrill ride from the black ops nerve center of JSOC to the bloody streets of Cairo in a story only a former Delta Force commander could tell.

This collection of essays explores the critical and fluid nature of security challenges that have plagued Nigeria since colonial times. Insecurity in diverse forms remains the bane of growth and progressive development in the country, and has the capability to derail a society no matter how sophisticated. What has generated insecurity at the macro- and micro-levels? How has insecurity been tackled? Why have security challenges escalated particularly in the post-independence period? What lessons could be learnt from the way security matters have been

(mis)handled in the past? This volume presents chapters on the historical roots and antecedents of security challenges, and considers the nexus between the economy, political leadership and development, and its impacts on security in modern Nigeria. It also explores the effectiveness of the strategies employed to address security challenges, and discusses why some security challenges have lingered.

Provides a close-up look at some of the world's most devastating natural disasters and examines the science underlying such disasters as the Indian Ocean Tsunami and Hurricane Katrina.

The explosive conclusion to the New York Times bestselling series. In Dalton Fury's Execute Authority, Kolt "Racer" Raynor and his Delta Force squadron are in Greece, providing VIP security for the newly elected—and deeply controversial—American president on his desperate mission to hold the NATO alliance together. Then, the unimaginable happens. Just as the president is arriving, an assassin's bullet takes the life of the Greek prime minister. The president is safe, but Raynor recognizes the killer—Rasim Miric—by his grisly signature: a bullet through his target's left eye. The hunt for the assassin ends when Miric, to all appearances, blows himself up in an explosion that levels an apartment block, but Raynor refuses to accept that the sniper is really dead. Miric's grudge is with America, and one American in particular—the Delta Force operator who cost him an eye, Kolt Raynor. Raynor believes that Miric's killing spree is only just beginning, and his suspicions are proved true when Miric is photographed crossing the border into the United States. Forbidden by law from operating on American soil, Raynor will have to bend the rules until they break, risking everything in order to run the assassin down before he can strike again. But what Raynor doesn't realize is that Rasim Miric is also hunting him.
